

ENVIRONMENTAL POLICY STATEMENT

Doncaster Maintenance UK Limited is committed to company- wide continuous improvement, and to acting in accordance with good practice to preserve and, wherever possible, to enhance the quality of the environment and promote sustainability.

Principles:

- We are committed to delivering service in the areas of Roofing including, Comprehensive Maintenance Programmes, 24 Hour Reactive Maintenance and Remedial Works.
- We recognise that our activities result in both direct and in-direct impacts on the environment.
- We are committed to minimising the impact of our operations on the environment by means of a programme of pollution prevention and continuous improvement in environmental performance.

Intentions:

- To comply with all relevant environmental legislation and/or regulations and with all other codes of practice and industrial standards to which we subscribe.
- To implement industry waste management and environmental best practice where practicable.
- To minimise the amount of waste we dispose of, seek to recover through re-use or recycling as much as is economically practicable and ensure that the remainder is disposed of properly. To minimise and energy and water we use.
- To monitor our carbon footprint and efficiently manage the emissions caused by our unavoidable, nationwide motor travel.
- To carefully source suppliers who are local and who also implement satisfactory environmental policies.
- To communicate to our employees, customers and suppliers our policy and achievements in improving our waste management and environmental performance.

This policy statement will be made available to all employees, customers and the public via company website and staff notice board and will be reviewed on an annual basis to ensure its continued suitability.
